Mode: Online in google form. 20 questions-MCQ

Topic: Indian Mathematicians and their contributions

Top three scorers will be awarded a certificate.

Criteria: Points Scored and

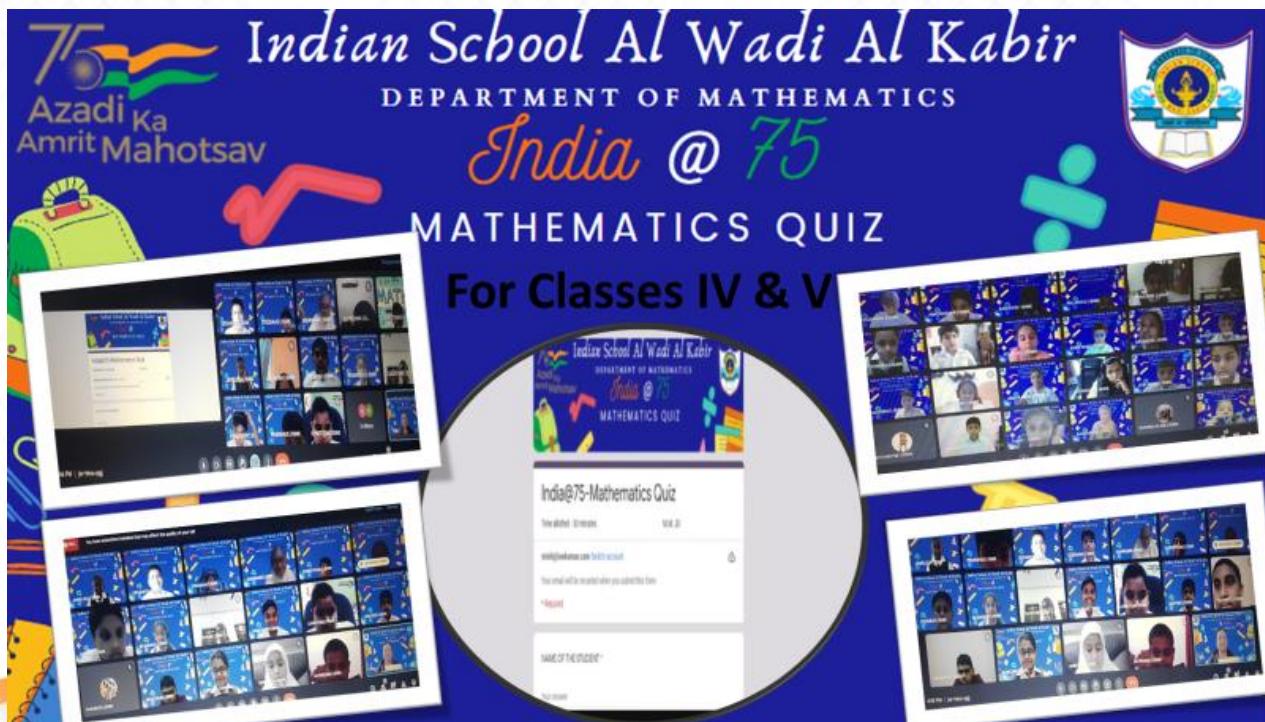

Time taken to complete the Quiz.

"We owe a lot to the Indians, who taught us how to count, without which no worthwhile scientific discovery could have been made." – Albert Einstein

India is the land of some of the greatest minds. From Literature, Mathematics and Science to Art and Theatre, India has been a pioneer in all the fields because of the exceptionally talented individuals who made the country proud. Therefore, it is essential to know about Indian mathematicians and their contribution to Science and Mathematics. Ancient Indian mathematicians have contributed immensely to the field of mathematics. The invention of zero is attributed to Indians and this contribution outweighs all other made by any other nation since it is the basis of the decimal number system, without which no advancement in mathematics would have been possible. These mathematicians challenged the understanding of the world and left behind a legacy of breakthrough discovery and research.

The quiz was organized on a virtual platform on 18th November, 2021. The top three scorers were awarded e-certificates.

MATHEMATICS QUIZ WINNERS FROM CLASS IV

First Position
Aditi K Binu
IV C

Second Position
Krishna Manaswini
IV E

Third Position
Maneet Maheswari
IV G

WINNERS FROM CLASS V

First Position
Shreehari Prashanth
V E

Second Position
Adhwin B Anil
V C

Third Position
Ben Thomas Varughese
V E

In conclusion, it was a great learning experience for the students. A tribute was paid to the great Indian mathematicians. Since the beginning of civilization, India has been the Guru for the whole world. When the whole world was groping in darkness India was teaching about the identity of man with the Supreme. People from all around the world converged to India to gain from its priceless wisdom. The country showed the whole world its academic brilliance through Sushrutha, Kanad, and Aryabhatta. India was a “Vishwa Guru”.

Feel proud to be an Indian.

Jai Hind!
