

ORANGE DAY ASSEMBLY

The 11th of November 2021 saw the students of Kindergarten I celebrating the 'Orange Color Day.' Orange is a dynamic colour that stimulates imagination and creativity.

Our little children were shining bright as they were dressed in shades of orange and wore 'Pumpkin' head bands.

An assembly was conducted for students, both onsite as well as online. Children sang songs about the colour orange. They made paper craft carrot which they enjoyed the most.

The children had an enjoyable time and it was indeed a pleasure to witness the little ones decked up in orange, bubbling with energy and fascination.

It was a fantastic learning opportunity for the children as they actively participated in the assembly. It was a fun-filled 'ORANGE DAY'.
