

## KINDERGARTEN DAY

The Kindergarten Day was held on April 21st to commemorate Friedrich Wilhelm August Frobel's birthday. The play area was overflowing with entertaining games to keep the children engaged. The kids had a fun-filled time in the play area and were overjoyed with the number of exciting games. It was a sight to see all the KG pupils competing with each other. A balloon-adorned "Kindergarten Day" board caught the attention of everyone entering the building. The eye-catching ambience was awesomely beautiful! Each child's smile conveyed that it was a happy occasion and indeed a delightful day not only for the kids but also for the teachers.

## HAPPY MEMORIES IN PICTURES!
