

Transition Session

Date - 12/2/23 - 16/2/23

Time - Value Education period

Venue - Respective classrooms

The A.B.L.E Department in collaboration with the value education teachers conducted a workshop on Transition for Grade 5 students. The workshop was held physically in their respective classrooms during their value education period.

The transition from primary to middle school can be an exciting time for students and their families. Students especially look forward to increased independence, making new friends and the opportunity to participate in new activities such as clubs and sports. The prime objectives of the workshop were as follows;

- To understand what transition time is - Learning new rules & expectations.
- To prepare them physically as well as mentally for moving to Grade 6.
- To share tips on how to deal with anxiety/nervousness when transition happens and how they can help their friends.
- To encourage students to share their memorable times of Grade 5.

It was amazing to see young minds engaging themselves in productive discussions, keen on sharing their experiences and tips so that their Transition can be a smooth journey.

TRANSITION SESSION @ A GLIMPSE
