## SUGGESTIONS FOR HOLIDAY FUN

### CLASS - I 2023-2024

Dear Parents,

05.06.2023

Greetings!

The summer holidays provide a welcome respite to the children and also act as a rejuvenating and revitalizing break for them. It is imperative that they use this time to relax and also pursue various creative and purposeful activities.

Here are some activities which will not only keep children occupied but also make them learn, explore, observe, concentrate, ask questions and be more confident and independent.

It's time to explore new hobbies and inculcate good habits by polishing and improving your child's skills. Parents play an important role in helping their children to improve their skills.

Nurturing a love for reading in children can be an insurmountable task for anyone, but with the proper use of right technique, one can easily turn their reluctant child into a little bookworm.

Books play a huge role in inculcating reading habit amongst students. They are a uniquely portable magic box. So, to open this magic box encourage your ward to read as many story books as you can and prepare at least one to narrate in the class.

A beautiful handwriting makes a good impression. Practice one page of English cursive handwriting daily in your rough book.

Let EVS and Mathematics be a part of your daily routine.....

- ✚ Drink plenty of juice and water to avoid dehydration.
- ✚ Make hand washing and hygiene a part of your routine.
- ✚ Engage your child to do some fun activities.

Viz: Collecting shells and coins, reading books related to Science, observe nature when visiting parks and beaches.

- ✚ Use shells and coins as counters, arrange them in order (small to big).
- ✚ Revise Number Concepts  
Learn Number Names, Missing Numerals, Numbers Before, After, Between, Tens and Ones.
- ✚ Practice two sums every day.

✚ There are many simple chores around the house that children can easily do, for instance, putting away toys after play, arranging your book shelves, helping mom and dad when required, etc.

We look forward to your co-operation in making the holidays a fruitful experience for your children.

A handwritten signature in black ink that reads "Ernst Schwan".
