

Color Day gives us the opportunity to take our children into a magical world where colors come alive. Each color so unique and special in making the world we live in so beautiful – Just like each little child in our care, unique and so very special. Also Color Day celebrations have their own significance of explaining to the children about primary colors.

At ISWK Kindergarten, our color theme for the month of August was 'BLUE'. BLUE DAY was celebrated on 17th August, 2023. All the children from the KG department, and their teachers, were dressed colorfully to celebrate this occasion. The classrooms too were decorated with different blue color pictures to welcome our children. Our tiny tots looked beautiful with their blue colored attires. The day began with a short prayer and our morning assembly and continued with various activities like singing rhymes and jingles on blue color, color identification game etc. The children were also encouraged to do an activity (SAVE WATER) which they thoroughly enjoyed and also learned the importance of not wasting water in synch with MISSION LIFE.

We at ISWK Kindergarten, were very happy to see the little children enjoying as well as learning through activities. All the children enjoyed this special day and went home with smiles on their face.

BLUE DAY ASSEMBLY
