

MOTHER'S DAY ASSEMBLY
ISWK KINDERGARTEN 12TH MAY 2024

Mothers are the architects of our earliest memories, the ones who teach us life's most valuable lessons, and the ones who provide endless comfort and encouragement. Their love knows no bounds.

On May 12th 2024, a special assembly was performed by ISWK Kindergarten students to honour mothers in all their splendour. Through songs and speeches, they conveyed their deepest love and appreciation for the remarkable women who fill their lives with joy and inspiration. Children coloured Mother's Day cards to show their appreciation for the incredible women who care for them each day.
