

Colour day celebration is a vibrant way to engage students in color recognition while having fun!

Blue – the colour of loyalty, strength, wisdom and trust had a very positive impact on tiny tots bringing in harmony and joy.

This special day was designed to help children recognize and appreciate different things of blue color in their environment through engaging activities and creative expression. The significance of blue colour was reiterated through a series of activities.

Clad in blue dresses, students were made to recognize blue colour through different games and play-way activities. An array of blue coloured objects like ball, balloons, flowers etc. were at display thus providing the students opportunities to have a clear sense of the colour and its importance.
