

INDIAN SCHOOL AL WADI AL KABIR
DEPARTMENT OF EVS
2025 – 2026

CreaTopia – GRADE V

ACADEMIC SYMPOSIUM

Preliminary Round

27th April, 2025 – During EVS Period

A dynamic symposium designed to inspire creativity and innovation in tackling environmental challenges.

Criteria:
Content, Diction,
Visual Impact and
Effectiveness

IDEAS THAT INSPIRE: TOPICS FOR THE SYMPOSIUM

1. The Power of AI: Transforming the Way We Live
2. Future Cities: Sustainable Living with Smart Solutions
3. Tech in Science: Innovations Shaping Our Future
4. Microplastics: A Small Problem with a Big Impact.
5. Beyond Earth: The Science of Space Exploration

General Guidelines

- Each participant is required to prepare a PowerPoint presentation comprising of 8 to 12 slides. The time limit for the presentation is 5 minutes.
- The completed presentation should be emailed to the designated EVS teacher on or before **April 20, 2025**.
- Feel free to incorporate relevant visual aids to enhance the clarity and impact of your presentation, based on the chosen topic.
- Begin with an engaging question, an interesting fact, or a compelling story to capture the audience's attention.
- Use visuals such as graphs, charts, and diagrams to present key findings and make the data easier to understand.
- Avoid filling your slides with excessive text. Aim for bullet points, short phrases, or keywords.
- Conclude with a call to action, a thought-provoking statement, or a question that encourages future exploration.
- Create a working model or a creative display model to enhance your presentation.
- Be prepared for a Q&A session after your presentation.
