CIRCULAR TO PARENTS (CLASSES III – XII)

Subject: Introduction of IT & STEM Learning Program with EduPyramids, IIT Bombay

Dear Parents,
Greetings from ISWK.

In our continued commitment to providing future-ready education and meaningful learning experiences, we are pleased to introduce a comprehensive **IT & STEM Learning Program** for students of **Classes III to XII** for the academic year 2026 - 27.

This initiative is being implemented in collaboration with **EduPyramids, IIT Bombay**—a nationally and internationally recognized platform known for excellence in technology-enabled education and skill development.

💡 Why this program for your child?

In an evolving world, it is essential that students go beyond textbooks and develop practical, real-world skills. This program is designed to:

- ✦ Develop **practical, job-ready skills**
- ✦ Build **independent learning habits**
- ✦ Gain **conceptual clarity through application**
- ✦ Move beyond rote learning to **skill-based mastery**
- ✦ **Aligned with Future Education Goals**
- ✦ Earn **recognized certifications** upon course completion

💰 An Investment in Your Child's Future

As part of our effort to bring high-quality, globally relevant learning opportunities to our students, this program has been introduced with a **nominal fee of OMR 1/-** for the full year with an opportunity to complete **up to 4 courses**.

This minimal contribution ensures that every child has access to certified courses, expert resources, and industry-relevant skills at a highly subsidized cost.

✅ Enrollment Confirmation

👉 Kindly confirm participation by completing the payment through the school portal.

Follow these simple steps:

Via Web browser –

1. Visit: www.iswkoman.com
2. Click on **My ISWK**
3. Login using Parent credentials
4. Select **Pay/View Fees**
5. Locate **“EDUPYRAMID IIT – OMR 1/-”** under Other Fees
6. Tick **✓** and proceed to **Pay**

Via Mobile App –

1. Click on the app
2. Select Misc Fee under the Finance option
3. Locate “EDUPYRAMID IIT.”
4. Proceed to Pay

 **Deadline: 10th May 2026**

 In case of any difficulty or queries, please contact IT Support at [itsupport@iswkoman.com]

 **How will students learn?**

The program follows a powerful “*Learning by Doing*” approach:

 Students engage with guided **audio-video tutorials**

 They **pause, practice, and replicate tasks** on software in real time

 **Split-Screen Learning Interface:**

- One window delivers step-by-step audio guidance
- The other allows students to perform tasks on the software

This structured approach ensures active participation, deeper understanding, and meaningful skill development, moving beyond passive learning. Further details regarding the commencement date of the course and related information will be shared shortly.

Anchored in this robust pedagogical approach, we are confident that this initiative will cultivate confident, capable, and future-ready learners.

We look forward to your continued support and valued partnership in shaping your child’s future.

Warm Regards,

D N Rao
Principal
