

INDIAN SCHOOL AL WADI AL KABIR

DEPARTMENT OF SCIENCE 2017 -18

HOLIDAY HOME ASSIGNMENT – SUMMER VACATION

CLASS 7 - WATER

GLOBAL WARMING HAS STARTED PLAYING A MAJOR ROLE IN THE CAUSE OF WATER SCARCITY IN THE WORLD.

DURING THE VISIT TO YOUR HOMETOWN, EXPLORE AND FIND THE ANSWERS TO THE FOLLOWING QUESTIONS-

1. Does your area receive sufficient rainfall?
2. Is there scarcity of water in your town?
3. Mention any five causes of scarcity of water.
4. Suggest any five ways to conserve water.

Instructions-

- The project should be done on A-4 size paper and submitted in a file.
- It should be handwritten.
- The number of pages should be limited to 2-4.
- Few pictures should be added along with the report.
- Date of Submission : Reopening Day

References-

- Text book- Active Teach Universal Science
- Net search

You should spread the awareness about different ways for water conservation in your society by

using different ways like- Poster Making, Interaction with People.
