

**INDIAN SCHOOL AL WADI AL KABIR**

**DEPARTMENT OF EVS (2017-2018)**

**CLASS III**

**SUBJECT ENRICHMENT ACTIVITIES**

*The subject enrichment activities have been designed to*

- ✓ *enhance study habits and practice skills.*
- ✓ *reinforce required skills among the learners.*
- ✓ *expand on the existing knowledge of the learners and be a part of the already acquired competencies in the classroom.*
- ✓ *cater to the developmental needs of the learners.*

**Skills enhanced/Learning Outcomes: Observation, exploration, inferencing, critical thinking, problem solving, general awareness**

- ❖ **Parents are requested to only guide their children. All work presented should be done by the student himself/herself on A4 size sheet of papers and submitted in a stick folder.**
- ❖ **All work to be submitted on or before 18th January 2018.**

1) You would have observed a metal or plastic plate attached to a motor vehicle. Such plates are called vehicle registration plates or number plates or license plates. In Oman, there are many different types of license plates we see on the roads every day. Brief about the need for such number plates and the significance of colours used in them.

2) From 1<sup>st</sup> January 2018 to 10<sup>th</sup> January 2018, look at the day's newspaper and note down the following:

- a) Two headlines from the first page
- b) Weather forecast for the day
- c) The name of a product or service in an advertisement

3) Traffic jam is a common affair in the big cities and towns. Also called traffic congestion, it is a condition on transport networks that occurs as use increases, and is characterized by slower speeds, longer trip times, and increased vehicular queueing. Determine the common causes of *traffic jams in the City of Muscat* and recommend ways to reduce the traffic congestion.

4) Homes represent a place of belonging, a place where we rest, gather and make memories. As the effects of climate change are felt across the world and with the construction industry contributing significantly to it, both governments and individuals are beginning to take the task of building eco-friendly houses much more seriously, which allows us to reduce our *environmental footprint*. Collect information and pictures about *eco-friendly houses* and present an article (150-200 words) about the same.

5) The building, shown in the picture, is one of the world's most expensive private residential properties, owned by, Mr. Mukesh Ambani, Chairman of Reliance Industries. List out the *extravagant* features of the property.
