INDIAN SCHOOL AL WADI AL KABIR

CLASS VI	DEPARTMENT: COMPUTER SCIENCE	YEAR 2025-2026
HOLIDAY HOMEWORK	TOPIC: HTML	

🖥️ **Objective:** Learn basic HTML tags and create a simple web page using them.

1) ✍️ **Assignment: Create a Web Page About "your holidays" (**Be as creative as you like!**)**

🖥️ **Sample HTML Code:)**

Use Notepad (Windows) or TextEdit (Mac) to create a simple web page. Save it as myholiday.html.

Sample code to try:

```html
<html>
    <head>
        <title>My Holiday Homework</title>
    </head>
    <body bgcolor="yellow">
        <h1>Welcome to My Web Page! </h1>
        <p>Hello! I am learning HTML. </p>
        <h2>I love holidays! </h2>
        <h2>They are fun and relaxing</h2>
        <hr>
        <h2>Things I did</h2>
        <p>*Went to Amusement park</p>
        <p>*Drenched in rain</p>
        <p>*Visited my relatives</p>
    </body>
</html>
```

2) ✍️ **Assignment: Create a Web Page About "My Favourite Animal"**

🖥️ **Sample HTML Code:**

```html
<html>
  <head>
    <title>My Favourite Animal</title>
  </head>
  <body bgcolor="pink">
    <h1>My Favourite Animal – The Tiger</h1>
    The tiger is a strong and beautiful animal. It has orange fur with black stripes. <br>
    It lives in forests and is a very good hunter.
  </body>
</html>
```

✨ You can change the animal to your favorite one like **Elephant**, **Dog**, **Lion**, etc.

Note: Practice this worksheet, Evaluation will be done after holidays during practical session.
