

## INDIAN SCHOOL AL WADI AL KABIR

PO 513, PC 117, WADI KABIR, SULTANATE OF OMAN

### Job description – Mathematics Teacher

Comprehensive and outlines the responsibilities of a Mathematics teacher effectively.

1. Deliver high-quality Mathematics instruction as both a subject teacher and class teacher for students in classes IX to XII.
2. Develop lesson plans and implement a curriculum aligned with CBSE standards.
3. Employ diverse teaching strategies, including direct instruction, group work, hands-on activities, and technology-based tools, to actively engage students.
4. Foster a positive and inclusive classroom environment that encourages active participation, collaboration, and critical thinking. Also, prepare standard question paper for Common Board, Pre-Board and Assessments as per the CBSE pattern.
5. Plan, prepare, and conduct assessments (oral, written, quizzes, etc.) to evaluate and monitor student progress effectively.
6. Analyze student performance, adapt teaching methods, and provide additional support to meet individual learning needs.
7. Maintain accurate and up-to-date records of student grades, attendance, and other relevant details.
8. Establish and uphold clear expectations for student behavior and align with school policies.
9. Collaborate with fellow teachers, administrators, and staff to plan and execute school events, as well as curricular and co-curricular activities.
10. Participate in ongoing professional development opportunities to stay updated on best practices in Mathematics education.
11. Attend faculty meetings, parent-teacher conferences, and other school events as required.
12. Maintain effective communication with students, parents, and colleagues to support a thriving learning environment.
13. Support and lead activities related to Mathematics clubs, labs, competitions, remedial classes and similar initiatives.
14. Actively engage in school-wide events and community-building programs.
