CASE-STUDY BASED QUESTIONS

Read the passage carefully and answer question no. 14 to 16.

Childhood is a magical and formative time in a person's life, filled with wonder, exploration, and learning. It's a period marked by curiosity and imagination, where each day brings new adventures and discoveries. During childhood, bonds with family and friends are formed, and the foundations for future values and behaviors are established. Play is a central aspect, helping children develop physically, socially, and emotionally. This time is often remembered fondly as a simpler, carefree era of growth and innocence.
