## **DISCLAIMER**

Dear Parents,

Greetings from ISWK.

It has come to the attention of the School Management that certain Unofficial 'Whatsapp' messages are being circulated stating that the school has stopped some Class XII Students from appearing for their First Assessment Examinations in September 2020, due to non-payment of outstanding fees (full/partial).

The messages seek to solicit willing donors to contribute towards the payment of these children's fees and the School's Bank Account Number has also been shared.

In this regard we would like to inform all our staff members:

- a.** ISWK has never officially or unofficially, in the past or at present, sought financial assistance towards payment of outstanding fees for their students or, for any other administration purposes.
- b.** As a policy, it is against the country's rules and regulations to solicit donations through Bank Accounts, and any such activity would be deemed illegal, and ISWK strictly adheres to the same.
- c.** As informed through earlier Circulars, Whatsapp is not the official medium of communication from the school to its parents and stakeholders, and hence any such messages should not be considered as official communication from the school.

Please treat this email as an OFFICIAL COMMUNICATION from the School Management to stop with immediate effect any efforts being made by our staff members to interact with social media groups on any issues related to school. Once again to reiterate that with the approval SMC, the Hon. President of SMC and the school Principal are authorized to deal with official media on school related issues. You're requested to refrain from the contact or interaction with any media on school related issues.

We seek your kind cooperation and strictly adhere to these guidelines from SMC.

With Best regards,

-For School Management Committee
