

EXCURSIONS CLASSES IV & V (2016)

LEARNING SHOULD BE A JOY AND FULL OF EXCITEMENT. IT IS LIFE'S GREATEST ADVENTURE. Very well said by Taylor Coldwell. The children of classes IV & V went on an interesting and exciting excursion to the AL FELAIJ PLASTIC COMPANY and had an enriching learning experience. They had a thorough learning expedition and enthusiastically brought back a positive feedback and ideas related to the place. Let's take a peep!
