ENDANGERED SPECIES DAY
SPECIAL ASSEMBLY

One Planet One Future – Let's save the endangered species

Endangered species are those considered to be at risk of extinction, meaning that there are so few left of their kind that they could disappear from the planet altogether.

ISWK Primary Section (Afternoon Shift) Class-III, took this opportunity to highlight the importance of protecting the endangered species. It was also a perfect time to learn about and celebrate the progress made to protect these endangered species since the creation of the Endangered Species Act in 1973.
