

IBT 2017 Online Report Access – For Schools

IBT reports are available to schools through an online report delivery system.

Reports available online

School Reports

All school reports in pdf. and excel format will be available through the online system. This includes:

- Initial Electronic School Report
- School Report
- School Benchmark Report
- School Described Scale Report
- Final Electronic School Report
- School Interactive Excel Report

Student Reports

A copy of all student reports will be available in the school account.

For Students to access their individual reports, the IBT School Coordinator will need to ensure that;

- The website link for the online system is distributed to all students
- All students successfully receive their Access Codes to view their Reports

Certificates for students and coordinators will continue to be printed and delivered to your school.
