Welcome to a new school year!

Unlike other years, the Academic Year 2021-2022 is different. As much as we would have loved to physically welcome our students, we are constrained by social-distancing norms, hygiene and safety protocol; and contain ourselves to distance learning for the time being.

In light of the above, we would like to draw your kind attention to the following important dates, rules & regulations for your easy reference in navigating the school system.
