

"Connecting home and school makes a great community of learners"

Reaffirming our commitment to facilitate better partnership between home and school, a ' Parent Orientation Programme' for the parents of students of Classes I and II was held on Saturday, 22<sup>nd</sup> April 2017 at the M.P. Hall of the Senior School, ISWK

The teachers with the help of visually engaging PowerPoint presentations provided an insight on the curriculum at Classes I and II, the pattern for conducting examinations, general instructions regarding the rules of conduct at school, the details of extracurricular activities and the support required from parents . It was indeed an engaging session which provided an opportunity for parents to know what to expect in the coming academic year and also to equip themselves for it.

We, at ISWK, strongly believe that education is a shared responsibility between dedicated teachers, motivated students and enthusiastic parents!

Best wishes for a great academic year ahead!
