

INDIAN SCHOOL AL WADI AL KABIR

PARENT ORIENTATION PROGRAMME

(2021 – 2022)

“A parent is a teacher at home, a teacher is a parent in school and the child is the center of our universe.”

Together, we hope to provide a positive and nurturing environment where the children can learn and grow. Together, we are partners in creating a stimulating curriculum that encourages children to learn and develop at their own pace.

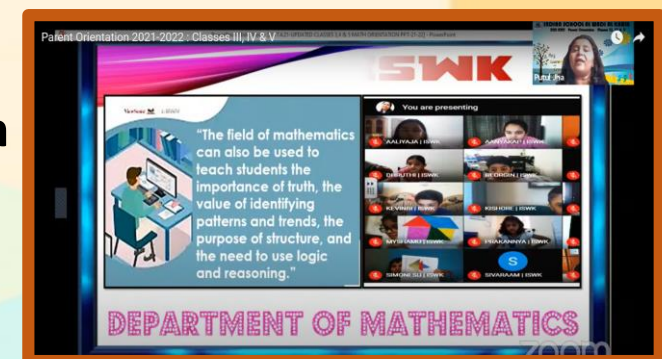

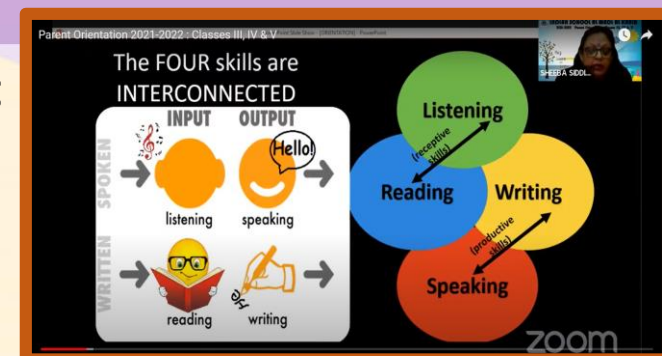

Successful learning happens when the partnership is strong among the parents, teachers and students. With this vision INDIAN SCHOOL AL WADI AL KABIR-PRIMARY SECTION had organized a Virtual Orientation Programme on 17th April 2021 for the parents of the Primary Wing.

The aim was to familiarize the parents, as partners in progress, who along with the management, staff and students are important stake-holders in the pursuit of imparting holistic education to help our students become global citizens.

The very astute and erudite Academic Supervisor Mrs. Seema Pereira welcomed the parents of the Primary Wing. The faculty members of ISWK conducted engrossing sessions and gave valuable guidance to students and parents. The school vision, the curriculum, school systems, teaching methodologies and the co-scholastic activities were discussed in detail.

Parents were briefed about the rules and regulations of the school. Each session was structured in such a way that the pedagogical understanding of the aspects of Scholastic and Co Scholastic teaching-learning was explained through various interesting activities. Respective teachers gave an overview of the various subjects and the activities which would be undertaken in the year ahead. The co-scholastic activities were also discussed that gave the parents an idea of the curriculum which is self-directed with hands-on learning activities that not only give our students a medium to fully utilize their creative talents and energies, but also help them in their all-round development.

Stress was laid on effective communication between teachers and parents and also sought their support and suggestions so that the best could be done for the overall development of the students.

The orientation programme proved to be a sincere effort made by the school in educating the parents to look after and guide their children in a proper manner. It also helped in evolving a common teaching strategy and helped the parents in identifying suitable follow up methods to reinforce the learning process of their children.

The session concluded with the 'Vote of Thanks.' Here's wishing them good luck for their future endeavors!
