

**World Animal Day is an international day of action for animal rights and welfare celebrated annually on October 4<sup>th</sup>. Through increased awareness and education we can create a world where animals are always recognized as sentient beings and full regard is always paid to their welfare.**

**To commemorate the event a class activity was conducted for the students of Grade-I. They had to select any one activity out of three activities given to them. The children participated whole heartedly and did wonderful craft work using their creativity and imagination.**

**It was an enriching experience for the students.**
