

# **WORLD STUDENTS' DAY**

Unarguably the most loved President of India,

APJ Abdul Kalam was a scientist who made India proud with his missile defence programme. But his favourite job was teaching and that's how he wanted the world to remember him.

Due to his love for students and focus on promoting education, the United Nations declared his birthday (October **15**) as 'World Students' Day' in **2010**. Such was his aura that students across the nation looked up to him.

The students of classes IV of the ISWK primary section (Afternoon Shift) celebrated World Students' Day on the **15th** of October **2017**

Ultimately, education in its real sense is the pursuit of truth. It is an endless journey through knowledge and enlightenment.

A. P. J. Abdul Kalam

The program was beautifully initiated with a classical dance

The students entertained the children with a melodious song and enlightened them with information on Kalam and displayed a video on the house of Kalam.

The students put up a wonderful skit on an incident that happened in Kalam's life. The vice-principal encouraged the students to be inspired by Dr. Kalam and motivated the children to be better students.
