

## THE CARIBBEAN CIRCUS EXCURSION

On 7<sup>th</sup> December, 2019, children of Classes I to V, Afternoon Shift, and Classes IV & V, Morning Shift, of ISWK visited the Caribbean Circus at Marah Land, Oman's largest and only outdoor amusement park, located on the famous landmark of Al Qurum Natural Park.

The amazing show was truly spectacular with all its performances. It was a mesmerizing and magical blend of art, theatre, music, play of lights and circus. The circus offered a breathtaking display of high-wire daredevil stunts, comedy shows, trapeze acts, a smart puppies show and so much more which kept the young and enthusiastic boys and girls awe-struck in excitement and anticipation as they watched with bated breath. In between the acts, the children were treated to some fun and antics by the professional clowns.

Unfortunately, the show got over far too quickly as the 2-hour show flew past. It truly was fantastic and brought a smile to every face. It was a day filled with overflowing happiness for the little boys and girls and the memories of the circus will last for a very long time.
