

Orientation Session for Parents Grades I to V (2020-2021)

“EDUCATION IS A SHARED COMMITMENT BETWEEN DEDICATED TEACHERS, MOTIVATED STUDENTS AND ENTHUSIASTIC PARENTS WITH HIGH EXPECTATIONS.”

The Orientation for the parents of the students of the Primary classes for the new academic session 2020-2021, had a digital makeover this year. The year 2020 will always be remembered for its paradigm shift, as schools were abruptly shut down due to the COVID 19 pandemic. Though the whole world came to a standstill, teachers and schools world-wide were working harder than ever before to meet the educational needs of their students.

Every academic year commences with a Parent Orientation Session planned by its teaching faculty to familiarise the parents and students with the scholastic and co-scholastic areas planned ahead.

However, a massive digital makeover took place this May, wherein the ISWK fraternity came forward to support the learning and educational needs of their students.

These virtual platforms provided the parents and the school administration a commonplace to alleviate their concerns amidst the new norm.

The event was meticulously planned with every detail looked into thoroughly. Parents were briefed on the details of the curriculum, mode of transaction of the same, related activities planned and the contribution expected from the parent community.

Being the first virtual interaction between teachers and parents, the varied queries, apprehensions and anxiety related to online teaching and learning were well shared and discussed by both sides.

In all, the event concluded effortlessly, much to the delight and satisfaction of the both, the parent and the teaching community.

'At the end of the day, the most overwhelming key to a child's success is the positive involvement of parents.' -Jane D. Hull
