

READ-A-THON

CLASS – I

2019-2020

"Reading should not be presented to children as a chore, or a duty. It should be offered as a gift." Kate Picamillo

We at ISWK primary offered this valuable gift to the children of class I on the 12th of February in a very conducive environment. A variety of reading material viz; Reading Cards, Story books, Dictionaries and the like was provided during the library period to arouse the interest of children in this exciting activity. The teachers prepared colourful book marks to create the awareness of the importance of reading. The children were overwhelmed and enjoyed the activity. At the end of the activity a worksheet was provided to the children. It was indeed a very valuable experience for the children.

After all, "There is more treasure in books than in all the pirates loot on Treasure Island" –Walt Disney

The pictures herein speak volumes of the enjoyable time that the children of class I had during this reading activity.
