**I. Read the passage given below and underline the correct Reflexive Pronouns given in brackets.**

**JULIE BELIEVES IN HERSELF**

Let me introduce (myself/herself). My name is Julie. I believe that it is very important to believe in (themselves/yourself). Everyone should believe in (ourselves/themselves), as it is one of the steps to success. Sometimes, the road to your goal is very hard and long, but we need to be patient and not feel sorry for (themselves/ourselves). My brother and I have always worked hard (yourselves/ourselves). My mom always told me to complete a task at hand by (yourselves/myself). She also encouraged us to learn a craft or a new hobby by (herself/ourselves). Just like we learn and improve each day, you can push (yourselves/himself) to grow with every new challenge.
