

INDIAN SCHOOL AL WADI AL KABIR

DEPARTMENT OF MATHEMATICS (2024-2025)

TOPIC: Understanding Division and More Division

REVISION WORKSHEET

RESOURCE PERSON: Ms. Nikkhath Thouseef

NAME: _____ CLASS: III SEC: _____ DATE: _____

I. Read the question carefully and circle the correct answer.

- The answer to a division problem is called _____.
a) Product b) Dividend c) Sum d) Quotient
- Which of these is a correct division statement?
a) $4 \times 3 = 12$ b) $12 + 3 = 15$ c) $12 \div 3 = 4$ d) $12 - 3 = 9$
- You have 8 toy cars. If you want to put them into groups of 2, how many groups can you make?
a) 2 b) 4 c) 3 d) 5
- If you have 15 strawberries and want to share them equally among 3 friends, how many strawberries will each friend get?
a) 5 b) 3 c) 7 d) 15

II. Cat Division: Solve the following questions and write the answer in the ball.

Colour the cat yellow if the answer is odd and the cat pink if the answer is even.

III. Colour the turtle with the correct quotient for the given division problem.

IV. Circle to make equal groups and write the corresponding division fact.

1.

Number of notebooks = _____

Number of groups = 3

Number of items in each group = _____

Division Fact = _____

2.

Number of pencils = _____

Number of items in each group = 5

Number of groups = _____

Division Fact = _____

3.

Number of glue bottles = _____

Number of groups = 2

Number of items in each group = _____

Division Fact = _____

V. Division Fact House: Write two division facts for the given multiplication fact.

$$7 \times 9 = 63$$

$$5 \times 9 = 45$$

$$8 \times 2 = 16$$

VI. Divide 15 by 5 using the number line given below.

$15 \div 5 = \underline{\hspace{2cm}}$

VII. Use the Repeated Subtraction Method to find the quotient.

1. $18 \div 6$	2. $20 \div 4$
Q = 	Q =

VI. Identify and label the terms related to division. Use the boxes provided to write the correct labels.

$\leftarrow$

$$\begin{array}{r}
 7 \rightarrow \\
 9 \overline{) 65} \\
 \underline{- 63} \\
 02 \rightarrow
 \end{array}$$

Dividend

Divisor

Quotient

Remainder

VIII. Divide using the Long Division Method to find the Quotient and the Remainder.

1) $552 \div 4$	2) $77 \div 2$
Q = R =	Q = R =

2)Solve the following word problem.

Ronny baked 42 cupcakes for a school fundraiser. If he puts them into boxes with 6 cupcakes in each box, how many boxes does he need?

Ans: _____ boxes are needed for 42 cupcakes.
