Holiday Assignment

Scrapbook Project – “AI in Our Daily Lives”

Dear Students,

Artificial Intelligence (AI) has become a part of our everyday life. From mobile phones and smart assistants to online shopping and navigation apps, AI is helping people in many ways.

For this holiday assignment, you will create a creative and informative Scrapbook on the topic:

 “AI in Our Daily Lives”

Project Goal

The purpose of this activity is to help you:

- Understand how AI is used in real life.
- Observe technology around us.
- Develop creativity and research skills.
- Think about the benefits and responsible use of AI.

Suggested topics to include

Students may include the following areas in their scrapbook:

1. What is Artificial Intelligence?
2. AI at Home (smart tv’s, voice assistance, robot vacuum cleaner etc.)
3. AI In education.
4. AI in health care.
5. AI in transportation.
6. AI in entertainment.
7. AI in Shopping & banking.
8. Advantage and disadvantage of AI

Submission Details

- Prepare a **handwritten scrapbook/project file**.
- Should mention your **name, roll number, class and division** on the first page.
- Use **pictures, drawings/posters, AI related magazine cuttings or articles, printouts, future AI inventions, AI slogans, diagrams or sketches** to decorate your work.
- Write **neatly and creatively**.
- Students must complete the work **individually**.

Final message

Observe the world around you and discover how AI is already becoming a part of our everyday life.

Be creative, informative, and imaginative!
