| 12 | <p>Infant mortality rate refers to the death of a child under the age of _____.</p> <p>A. 1 year B. 2 years C. 3 years D. 4 years</p> |
| 13 | <p>Read the extract given below and answer the questions that follow:</p> <p>In case of India we have unemployment in rural and urban areas. However, the nature of unemployment differs in rural and urban areas. In case of rural areas, there is seasonal and disguised unemployment. Urban areas have mostly educated unemployment. Seasonal unemployment happens when people are not able to find jobs during some months of the year. People dependent upon agriculture usually face such kind of problem. There are certain busy seasons when sowing, harvesting, weeding and threshing is done. Certain months do not provide much work to the people dependent on agriculture.</p> <p>In case of disguised unemployment people appear to be employed. They have agricultural plot where they find work. This usually happens among family members engaged in agricultural activity.</p> <p>Answer the following MCQs by choosing the most appropriate option: -</p> <ol style="list-style-type: none"> 1. A farmer who does not have any work to feed his family after harvesting season, What type of unemployment he is facing? <p>A. Disguised unemployment B. Seasonal unemployment C.
