

INDIAN SCHOOL AL WADI AL KABIR
DEPARTMENT OF ENGLISH [2025– 2026]

TOPIC: Adjectives of Number HANDOUT
RESOURCE PERSON: MS: Sheba Siddiqui

NAME: _____ CLASS: V SEC: ____ DATE: _____

What are Numeral Adjectives?

They answer the questions "**How many?**" or "**In what order?**"

Eg:1. Raj ate **two** biscuits.

2. Tina was the **first** girl to reach the finishing line in the running race.

Adjectives of Number include.....

Cardinal Numbers - one, two three and so on.

Ordinal Numbers- first, second, third and so on.

Adjectives of Number are used to describe Countable Nouns.

Few, some, many, all, several and **no** are also used as Adjectives of number when they are used with **Countable Nouns**.

- E.g.1. There are **some** apples in the basket.
2. There are **many** children in the park.
3. There are **several** flowers in the bouquet.

Here **some, many** and **several** are Adjectives of Number as, apples, children and flowers are Countable Nouns.
