QI. Answer the questions based on the story below.

## "The Magic of Rainwater"

Please scan the QR code to understand better

*In a cozy town surrounded by green hills, when the clouds gathered, the kids dashed outside with buckets and drums to collect the raindrops. They started collecting rainwater in the tanks too. Granny Maria, the wise elder, taught them that rainwater was like magic, and it is the main source of water on the Earth. She also told them that water is very useful, and they must save it. Families started using this special water for washing, cleaning, bathing, and watering plants. The town turned into a happy place, where everyone celebrated rain, and the collecting drops made their lives better.*
