

INDIAN SCHOOL AL WADI AL KABIR

DEPARTMENT OF MATHEMATICS (2024 – 2025)

TOPIC: HANDLING DATA

HANDOUT-1

RESOURCE PERSON: Ms. Manjula Harinarayanan

NAME: _____ CLASS: IV SEC: ____ DATE: _____

Pictograph: A **Pictograph** is a way of showing data using pictures. A pictograph helps in expressing a large amount of data in a simpler form.

1. The given Pictograph shows the number of pizzas sold over five days in a shop. Observe the data and answer the following questions.

 = 5 pizzas

- How many pizzas were sold on Thursday? _____
- How many less pizzas were sold on Monday than Tuesday?

- The least number of pizzas were sold on _____.
- On which day was the maximum number of pizzas sold and how many? _____, _____
- How many pizzas were sold over five days?

Tally marks are the representation of the data in the form of vertical lines. We put one vertical line (I) for each of the four counts. A diagonal line (\) is put for the fifth count.

1	I	6	I
2	II	7	II
3	III	8	III
4	IIII	9	IIII
5	I	10	IIII

1. Find out the number of each vehicle and complete the tally chart.

Vehicle	Number	Tally mark
