Class V - Virtual Tours to the Forts of India

Tours enable students to get out into the world, explore it and get firsthand experience. A virtual tour, a guided exploration through the World Wide Web, was organized by the Department of EVS for the students of class V on 12th January, 2021.

The teachers and students connected through Google Meet to experience a virtual tour to the famous forts and monuments of India. The virtual tour was well planned and organized by Tour Coordinator Mrs. Ambika Padmanabhan and Tour Organizer Mrs. Mini Henry.

Initially, Children were asked to fill in the Google Form to collect their boarding passes to start the Virtual Tour from Muscat to Delhi. The Video of the amazing 360-degree virtual tour was presented in the meeting room. Tour Guide Mrs. Rajshree Arun accompanied through the incredible journey providing factual and interesting information.

The virtual tour created a travel experience online by offering insight into those places without being there. It was truly an exciting and memorable experience for the students.
